Nice Chart, but who covers our  
area?

Northern Area Command's Sector Three is the one and  
includes:

- Williamson Valley. (has the highest population & includes Highland Pines
- Skull Valley
- Camp Wood
- The Pea Vine Rail Road line out of Ash Fork runs through Williamson Valley and Skull Valley connecting the northern main B.N.S.F. line to Phoenix.

The screenshot shows the top section of the Yavapai County Sheriff's Office website. At the top left is the official seal of the Yavapai County Sheriff's Office, which is a gold star with 'YAVAPAI COUNTY SHERIFF'S OFFICE' and 'ARIZONA' written around it. To the right of the seal, the text reads 'YAVAPAI COUNTY *Arizona* SHERIFF'S OFFICE' in a large, bold, serif font, with 'Serving Since 1864' in a smaller font below it. Further right is a photograph of the front of a white police vehicle. Below the header is a blue navigation bar with white text links: 'Home', 'YCSO Information »', 'Public Information »', 'Divisions »', and 'Programs & Services »'. The main content area features a large banner with a map of Yavapai County. Overlaid on the map is the text 'YAVAPAI COUNTY CRIME DATA AND MAPPING' in large, bold, white letters, followed by 'Now available online!' in a smaller font. Below this, the words 'Emergency Notification System' are written in a large, stylized, semi-transparent font. In the bottom right corner of the banner, the 'CODE RED' logo is visible. Two call-to-action links are present: '(Click for details)' in orange text and '(Click here to visit CrimeMapping.com.)' in white text.

Emergency Notification System (ENS)

The Yavapai County Sheriff's Office now utilizes CodeRED® as its Emergency Notification System. With this service, we can send messages to residents and businesses within minutes with specific information when an emergency or time-sensitive issue arises.

All Yavapai County residential and business landline phone numbers, published in the White or Yellow pages, are already in the system. By signing up or opting-in, you may enter alternate phone numbers and/or modes of contact. You may also specify your primary contact mode. The opt-in process will require that you have a valid email address. **A confirmation email and/or text message will be sent upon completion of registration (will be sent from noreply@ycsoaz.gov and may take up to 5 minutes).** Once registered, you may opt-out at anytime.

Email

When delivery of the alert to your primary contact mode fails, the system will automatically fall back to other methods. With respect to phone notifications, if the system detects an answering machine, it will deliver the message to voicemail. If the phone is not answered and no answering machine is detected, the system will redial the number at a later time or, if specified, fall back to another contact mode. *When the call appears on your caller-id, it will display the Yavapai County Sheriff's Office business number: (928) 771-3260*

Do you have questions? You may want to check out our [Frequently Asked Questions](#) page!

**Description**

The CodeRED Mobile Alert app keeps users informed and ahead of the storm. Designed to keep you informed and aware, the CodeRED Mobile Alert app taps into the national CodeRED's Emergency Notification System and alerts subscribers located within the reach of a given notification generated by public safety officials. The app is geo-aware so no matter where you are when an alert is issued, you will receive notifications that affect you - right on your mobile device. The app transmits geographically-based notifications, requiring subscribers to enable their location services so the app can determine the user's specific

Very useful app for Citizens ★★★★★  
by Nusean

This app is very useful for the average citizen who wants to bolster their level of preparedness. Utilizing this app allows for the citizens, emergency services workers as well as business owners to be 'in the know' when bad things are coming their way. The parent program is a great mechanism for communities to be proactive in the citizens.
